REPORT TO THE BOARD OF FIRE AND POLICE PENSION COMMISSIONERS

DATE: OCTOBER 15, 2020

ITEM: B.11

FROM: RAYMOND P. CIRANNA, GENERAL MANAGER

SUBJECT: FIRST QUARTER UPDATE OF THE 2020-21 BUSINESS PLAN AND POSSIBLE BOARD ACTION

RECOMMENDATION

That the Board:

1. Authorize a revision to the Business Plan for Project No. 7 – PARIS (Pension and Retirement Information System) Implementation, to split the milestone date into two dates and extend the March 31, 2021 Milestone for the Workflow aspect of the project; and,
2. Direct staff to report back in the next quarterly status report with a revised completion date for PARIS based on a comprehensive review of the project schedule in collaboration with the vendor.

DISCUSSION

Staff is providing the first quarter update on the status and progress of the 2020-21 Business Plan projects (Attachments I and II).

The 2020-21 Business Plan was approved by the Board on June 18, 2020 and includes a total of 11 projects that fall within the department's five Strategic Goals:

1. Ensure a Financially Sound Retirement System
2. Manage Risk Throughout the Organization
3. Enhance Customer Care & Stakeholder Relations
4. Pursue Operational Efficiencies
5. Build and Support a Talented Workforce

These primary goals help keep the System resources focused on the most critical areas to ensure we successfully fulfill our Mission Statement: *"To advance the health and retirement security of those who dedicate their careers and risk their lives to protect the people of Los Angeles."*

The 2020-21 Business Plan first quarter update is summarized in Attachment I, the 2020-21 Business Plan Dashboard. This attachment provides a brief overview of the projects, including the progress toward meeting the Milestones, the overall project duration, the overall project status and

whether the project is over/under budget. As presented in Attachment I, the status of the 2020-21 Business Plan through the first quarter is summarized as follows:

- 10 out of the 11 projects are on schedule and within budget; and,
- One out of the 11 projects is at risk of failing behind schedule.

PROJECT AT RISK OF FALLING BEHIND SCHEDULE

Project No. 7 – PARIS (Pension and Retirement Information System) Implementation

Staff have recently completed a re-evaluation of the remaining project tasks and functionality. Based on this review of project priorities, management and staff have determined it is prudent to focus on implementing necessary functionalities that will help the monthly pension roll process become more efficient, leaving more time for staff to work on other aspects of the project. This re-assessment will impact the current year Business Plan Project No. 7, PARIS Implementation, Phase 4B – Docushare and Workflow Integration.

The DocuShare integration portion of Phase 4B is completed, however there will be a delay in the implementation of Phase 4B Workflows. Staff and Management recently determined it was prudent to focus more heavily on functionality (such as MyLAFPP website updates, valuation validation, and the overall 1099-R review process for the 2020 tax year) instead of the proposed workflows. Implementing this functionality first will make the monthly pension roll process more efficient, which will leave more time for staff to work on other aspects of the project. As a result, the completion date of the project, including the completion of Phase 4B Workflows is being deferred while the project team reviews the needed, higher priority functionality. Once this work is completed, staff will report back on the project status in the next quarterly status report.

The MyLAFPP website updates are necessary to address member service challenges due to COVID-19 restrictions, ease the staff process of receiving forms, and to continue to go paperless. The three main updates are Beneficiary Online Update capability, seminar functionality, and a secure Internal Messaging functionality akin to a bank's internal messaging. These new features involve many hours of both LAFPP and Avenu resources. Each iteration of delivery involves LAFPP staff testing on the PARIS Admin UAT site as well as the Member Web UAT site and then to provide feedback to Avenu. The Seminar Functionality and Internal Messaging are presenting some programming challenges, but Avenu is working through the issues with LAFPP's assistance.

Another factor for the 4B delay is LAFPP staff assigned to the Workflows were recently working on Annual and Semi-Annual Statement corrections and are currently working on valuation validation. Staff needs to provide timely answers to the Actuary regarding the data provided from our valuation. It is projected that the valuation effort will continue through October 15, 2020.

Staff continues to work with our vendor to ensure resource availability as we finalize the work associated with final phase of the Project, Phase 4B, and will continue to update the Board on the Project status in the Monthly Reports and the Quarterly Business Plan Reports.

BUDGET

No additional funding is requested at this time.

POLICY

LOS ANGELES FIRE AND POLICE PENSIONS

2020-21 FINAL BUSINESS PLAN

**AS SUBMITTED TO THE BOARD:
JUNE 18, 2020**

REVISED: OCTOBER 15, 2020

2020-21 FINAL BUSINESS PLAN INTRODUCTION

Los Angeles Fire and Police Pensions (LAFPP) annually prepares a Business Plan to develop projects to help successfully accomplish our goals and identify necessary allocation of resources to the most critical areas of our operations. With preparation of the Business Plan, we strive to fulfill our vision and support our mission as outlined in the 2019-21 Three-Year Strategic Plan. The Strategic Plan as approved by the Board on February 1, 2018, reaffirms LAFPP’s commitment to:

VISION *Be a leader and innovator in the public pension industry through an uncompromising dedication to excellence, customer service, transparency, and education.*

MISSION *Advance the health and retirement security of those who dedicate their careers and risk their lives to protect the people of Los Angeles.*

Our Business Plan includes eleven projects, including eight new projects and three continuing projects from last year. We believe these projects are the most critical to ensure we continue to meet the Department’s primary goals while upholding our values:

GOALS

- 1) Ensure a Financially Sound Retirement System
- 2) Manage Risk Throughout the Organization
- 3) Enhance Customer Care and Stakeholder Relations
- 4) Pursue Operational Efficiencies
- 5) Build and Support a Talented Workforce

VALUES

- Collaboration
- Respect
- Efficiency
- Accountability
- Transparency
- Ethics

Included within the projects for the 2020-21 Business Plan is the conclusion of the Pension Administration System (PAS) Project. This will mark the culmination of a multi-year effort to transition all member data and payment processing to a new system, which required significant resources. The Department next shifts its focus towards leveraging the new PAS to increase efficiencies throughout the organization and enhance the member experience.

Other projects in the 2020-21 Business Plan include: improvements to the Disability Claims Database, which will enhance metrics reporting and archive functionality for Disability Pension applications; additional member services, with the offering of direct deposit for contribution refunds and wire payments for rollovers; and an expansion of the department-wide cross training program, which will ensure our staff is knowledgeable and efficient in service delivery, while supporting continuity of operations in the face of increasing retirements.

I believe these projects will enable the Department to achieve its strategic goals and uphold its Mission. As always, I extend my gratitude to the Board and staff for their hard work and continued dedication to the members of our system.

Sincerely,

Raymond Ciranna, General Manager

Project 2: NEW – Association of Local Government Auditors (ALGA) Peer Review

Duration: 2020-21
 Project Lead: Cynthia Varela, Manager, Internal Audit Section
 Project Participants: Internal Audit Section and Peer Review Team
 Stakeholders: LAFPP

PROJECT OBJECTIVE	To determine whether Internal Audit Section’s quality control system is suitably designed, operates effectively, and produces quality work in compliance with professional standards.
PROJECT HISTORY	<p>As stipulated in the Internal Audit Charter (Section 3.0 Appendix 2 of the Board’s Governance Policies), Internal Audit must conduct its auditing activities in compliance with the Professional Practices Framework of Internal Auditing (IIA Standards) and with Government Auditing Standards issued by the United States Government Accountability Office (GAO). These professional standards require audit organizations undergo independent (external) peer reviews every three to five years to assess the audit organization’s quality control system and ensure the audit activity conforms with the standards. ALGA helps coordinate external peer reviews. Peer review teams are generally comprised of three experienced professional auditors who are well versed in IIA Standards and the GAO’s Government Auditing Standards.</p> <p>Internal Audit Section’s last external ALGA peer review was completed in June 2017.</p> <p>Due to the COVID-19 Pandemic, the GAO extended the deadline for completing peer reviews. Audit organizations will have 15 months after their review period to have the peer review completed. For LAFPP, the extension period ends September 2021. As of April 21, 2020, ALGA has suspended all peer reviews for an indefinite time. Once it is safe to do so, ALGA will resume peer reviews. Internal Audit Section will work with ALGA to ensure the peer review is completed within the GAO guidelines.</p>
2020-21 DELIVERABLES	Completed peer review reports that conclude Internal Audit Section’s quality control system is effective and the auditing activities are conducted in compliance with the Professional Practices Framework of Internal Auditing and with the GAO’s Government Auditing Standards.

Report ALGA peer review results and corrective actions, if necessary, to the Board.

Project 2: *NEW* – Association of Local Government Auditors (ALGA) Peer Review

2020-21 RESOURCES	The peer review is estimated to cost \$8,900 for the travel and lodging costs of three non-local Peer Review Team members. Costs have been accounted for in the FY 2020-21 Proposed Budget.

The full session provides a full review of pension benefits, as well as, financial planning strategies for members at specific stages in their career.</p> <p>The Communications & Education Staff will now develop a brief information session focused on pension benefits only. Project 7: *CONTINUING* - PARIS (Pension and Retirement Information System) Implementation

Duration: 2015-16, 2016-17, 2017-18, 2018-19, 2019-20, and 2020-21
 Project Lead: Alfred Domagat, Sr. Systems Analyst II, Systems Section
 Project Participants: LAFPP Staff, Consultants, and Northern Trust
 Stakeholders: LAFPP Staff and Management, and LAFPP Members and Beneficiaries

PROJECT OBJECTIVE	To design and implement a new Pension Administration System that will result in improved overall efficiency in the department's business operations and continued superior service to our membership.
PROJECT HISTORY	<p>The Request for Proposal (RFP) to replace the current Pension Administration System was released in July 2014 with several bids received in October 2014. The Evaluation Team reviewed the bids and selected Xerox (now assigned to Avenu Insights and Analytics, LLC) as the top-ranking vendor with the lowest cost. The Board awarded the contract to Avenu on May 21, 2015 and implementation of the project began in July 2015. The new system that is being developed was later named PARIS (Pension and Retirement Information System).</p> <p>Since fiscal year 2015, staff has worked with the Avenu team to setup the hosting environment, confirm and document the various specifications, and test/validate delivered functionality, including critical reports and correspondences. After a thorough User Acceptance Testing (UAT) and a two-month "parallel testing" period, PARIS went live with Phase 4A - Core Pension Functionality on January 9, 2019. This allowed the project team to focus on the next phase of the project, Phase 4C - Member Web Functionality, which went live on May 16, 2019.</p> <p>Fiscal Year 2020-21 will serve as the final year of project implementation as staff completes the last phase of the project, Phase 4B - DocuShare and Workflow Integration.</p>
2020-21 DELIVERABLES	<p>a. Configure and deliver for testing additional system functionality for DocuShare and Workflow integration; and</p> <p>b. Ongoing data cleansing.</p>
2020-21 MILESTONES¹	<p>BY MARCH 31, 2021: Delivery, testing, and implementation of additional system functionality for DocuShare (Phase 4B).</p> <p>TBD: <u>Delivery, testing, and integration of remaining Workflows.</u></p>

¹ Original milestone date of March 31, 2021 was extended pending a comprehensive review of the project schedule by staff in collaboration with the vendor. Staff will report back to the Board with a revised completion date (revised per 1st Quarter Update).

Project 7: CONTINUING - PARIS (Pension and Retirement Information System) Implementation

2020-21 RESOURCES	<p>On May 21, 2015, the Board approved an amount not-to-exceed \$9.02 million to implement a new Pension Administration System (PAS) (3 years) and provide post-implementation services (5 years) by Avenu. The Board also approved LRWL, Inc. to provide oversight project management and quality assurance services for an amount not to exceed \$1.16 million.</p> <p>The 2020-21 Final Budget includes \$504,983 in contractual costs for the PARIS Project. All staff resources, including two resolution positions, have been budgeted through the salary account.</p>

GOAL 4 – Pursue Operational Efficiencies

Project 8: *NEW* – Improvements to the Disability Claims Database

Duration: 2020-21
Project Lead: Kristen Rosauer, Manager, Disability Pensions Section
Project Participants: Disability Pensions Section, Systems Section, and PASCo Section
Stakeholders: LAFPP Members, Disability Pensions Section, and Executive Management

PROJECT OBJECTIVE	Pursue operational efficiencies by creating a functional and technologically up-to-date Disability Claims database that will track the status of all applications received by Disability Pensions Section and serve as an archive for all Disability Pension applications. It is desirable that the system will also be capable of generating reports for accurate reporting metrics.
PROJECT HISTORY	<p>Application processing for Disability Pensions Section has historically been tracked by an Access database, the Disability Pension Claims Database. This database has been in use for many years and contains all data on Disability applicants from 1997 to present.</p> <p>Although the database serves a purpose for basic data retrieval and generates some reports, it is unable to archive surveillance video and does not incorporate chronological working log notes. Working log notes for closed cases are not stored with documents accompanying the application.</p> <p>Due to the amount of data present in this program, there are concerns that unless this information is backed up on a continuous basis, member information may be lost if the system fails.</p>
2020-21 DELIVERABLES	It is expected that the identified system will provide a centralized archive for all Disability case information as well as a report generating program that will provide accurate, real time metrics.
2020-21 MILESTONES	<p>BY SEPTEMBER 30, 2020:</p> <ol style="list-style-type: none">Complete an analysis of the current Disability Pension Claims Database;Identify gaps and areas for improvement; andIdentify reports which are obsolete and any new reports that the system will need to generate. <p>BY DECEMBER 31, 2020:</p> <ol style="list-style-type: none">Disability Pensions Section, Systems Section, and PASCo Section will meet to discuss the functionality and limitations of PARIS for Disability's purposes.

Project 10: CONTINUING – Department-wide Business Process Improvements

Duration: 2019-20 and 2020-21
 Project Lead: Myo Thedar, Chief Benefits Analyst
 Administrative Operations Division
 Project Participants: Administrative Operations and Pensions Divisions
 Stakeholders: LAFPP Staff and LAFPP Members

PROJECT OBJECTIVE	To implement operational best practices department-wide based on insights gained from the pension administration benchmarking process and results for the period ending June 30, 2018.
PROJECT HISTORY²	<p>In June 2019, CEM Benchmarking presented to the LAFPP Board results of the pension administration benchmarking for the period ending June 2018. (FY 2019 Business Plan Project No.7)</p> <p>Based on these results, the LAFPP Board instructed staff to research and implement operational best practices and perform a follow-up CEM Benchmarking survey in three years to measure changes in departmental operations. (FY 2020 Business Plan Project No. 9)</p> <p>To that end, staff researched the benchmarking results in 12 service metrics and prioritized a total of 21 opportunities for process improvements via the Business Process Improvement matrix. The matrix is intended to track the disposition of the opportunities as short-term and long-term projects. To summarize, there were five (5) implemented FY 2020; ten (10) to be implemented FY 2021; and six (6) requiring further research for implementation in future fiscal years.</p>
2020-21 DELIVERABLES¹	Implementation of the ten (10) projects that have been identified on the Business Process Improvement matrix as short-term projects for completion in FY 2021.
2020-21 MILESTONES	<p>JUNE 30, 2021:</p> <p>a. Report the final implementation status of the projects via the FY 2020-21 Business Plan – 4th Quarter Report.</p>
2020-21 RESOURCES	There is no funding request associated with the tracking of the projects. Funding for each project, if necessary, has been requested in the FY 2020-21 Budget. Existing staff will be utilized to manage and coordinate the projects.
(TENTATIVE) FUTURE YEAR DELIVERABLES	It is anticipated the pension administration benchmarking for the period ending FY 2021 will take place in FY 2022. At that time, staff will report on research into the long-term projects that required further research.

² The 2020-21 Business Plan, as adopted by the Board on June 18, 2020, contained an error in the number of short-term opportunities. The number has been revised as a technical correction to the Project History and 2020-21 Deliverables.

GOAL 5 – Build and Support a Talented Workforce

Project 11: NEW – Department-wide Cross-Training Program

Duration: 2020-21
 Project Lead: James Schiffhauer, Department Personnel Officer, Human Resources
 Project Participants: All Sections
 Stakeholders: LAFPP Staff and Executive Management

PROJECT OBJECTIVE	To expand the cross-training pilot program on a permanent basis and Department-wide and to study the results to assist in the efficient expansion of the Department workforce succession plan.
PROJECT HISTORY	<p>This project is an expansion of the 2019-20 Business Plan Workforce Succession Planning project with a new focus on developing and implementing a cross-training program for all LAFPP employees. A cross-training team was established and met several times throughout 2019-20. The team established a goal to cross train two employees across two sections over a span of three months to prepare employees for promotional opportunities and gain valuable pensions-related experience.</p> <p>The team met and selected the two trainer-trainee pairs: one cross-training team within the same section and one cross-training team within different sections. The program is running successfully.</p> <p>LAFPP now plans on expanding the cross-training program department-wide and will be coordinating with Retirement Services Section and DROP/Service Pensions Section to develop section-specific cross-training programs.</p>
