COLA - LAFPP Cost Of Living Adjustments

All eligible DROP participants, retired members, and beneficiaries are subject to an annual cost of living adjustment ("COLA"). The COLA takes effect on July 1 of every year and the adjustment is received accordingly in the July 30th pension payment/DROP account deposit.

Pursuant to the City of Los Angeles Charter and Administrative Code, the LAFPP COLA is based on the annual change in the Consumer Price Index (CPI) as published by the U.S. Bureau of Labor Statistics. Specifically, we look at the change in the CPI for the Los Angeles-

General Manager's Message

HAPPY NEW YEAR!

As we look forward to a brighter new year, there is no better time to extend our thanks and appreciation for your continued support and understanding throughout this past challenging year.

Although 2020 brought about many challenges, our dedicated team

of staff quickly made the transition from servicing you in the traditional way to providing all services virtually. With the safety of all in mind, we transitioned nearly our entire staff to remote work and revised our processes to continue providing the highest level of customer service without interruption. I am proud to say that even those of you who never considered online communications as an option have now successfully accessed your online pension information through your member portal: MyLAFPP.

I am also pleased to report that for the period ending June 30, 2020, the combined funded ratio for pension and health benefits is 88.6%, up slightly from 88.5% the previous year. This marks the third consecutive year that the combined funded ratio has increased for the System. Even though the pension benefit funded ratio is now 93.2%, down from 93.6%, the health benefit funded ratio increased from 56.2% to 59.7%. The favorable results indicate that the Plan remains strong despite a volatile year marked by the COVID-19 pandemic.

Despite the challenges 2020 presented, we remained focused on our mission *To Serve Those Who Protect*. On behalf of LAFPP, we are looking forward to a brighter 2021 for all. As always, if you have any questions regarding your retirement benefits, please do not hesitate to contact us.

Respectfully,
Ray Ciranna
General Manager

COLA - LAFPP Cost Of Living Adjustments

continued from page 1

Long Beach-Anaheim area for the 12-month period beginning in March through February of the following year.

The LAFPP COLA is calculated differently from the COLA calculated by the Social Security Administration (SSA). Both COLAs are based on changes in the CPI determined by the Bureau of Labor Statistics; however, *both the period measured and the population indexes used by SSA are different.*

LAFPP determines eligibility requirements and how the COLA is applied based on the member's tier.

	COLA Maximum	COLA Bank
Tiers 1 and 2	Uncapped	No
Tiers 3 and 4	+/- 3%	No
Tiers 5 and 6	+/- 3%	Yes

- Tiers 1 and 2 have an uncapped COLA and are subject to a full COLA increase/decrease.
- Tiers 3 and 4 have a 3% COLA cap and cannot incur an increase/decrease beyond the cap.
- Tiers 5 and 6 have a 3% COLA

cap and cannot incur an increase/decrease beyond the cap. In addition, they also have a COLA Bank to store any increases in the CPI greater than 3%, which can be applied in future years when the CPI is below 3%.

First-year retirees and DROP participants in Tiers 3-6 receive a COLA that is prorated by the number of complete months between their retirement effective date (or DROP entry date) and the following July 1.

WHAT IS A NEGATIVE COLA?

In the event that the CPI is negative for the 12-month period used to measure the COLA (i.e., deflation), the LAFPP COLA would also be negative and the monthly pension benefit would be decreased by the negative COLA percentage. Any decrease is subject to the same provisions as an increase. It cannot exceed the 3% cap for Tiers 3-6, and Tiers 5 and 6 may use their COLA banks to offset the decrease, if a balance is available. Tiers 1 and 2 do not have a COLA cap and would incur the full decrease.

For all members, **it is important to note that in the event of a negative COLA, the pension amount will not be reduced to less than the member's or qualified survivor's original pension amount.**

To date, LAFPP members have never been affected by a negative COLA, however, in 2009 there was a 0.00% COLA and in 2015 it was 0.10%. The Bureau of Labor Statistics has made several changes to the CPI over the years and the most significant changes were last made in 2018. For more information, you may visit the Bureau of Labor Statistics website at www.bls.gov/cpi and look for Regional Resources under CPI Data to find the Los Angeles area. A history of LAFPP COLAs, as well as instructions on how to access CPI data, can be found on our website, www.lafpp.com.

2021 HEALTH & DENTAL SUBSIDY updates

Medicare Health Subsidy Benefit

The maximum Medicare Health Subsidy was increased from \$550.57 to \$564.92, effective January 1, 2021.

A Medicare Health Subsidy is provided to eligible retired members or Qualified Surviving Spouses/ Domestic Partners who are enrolled in both Medicare Parts A and B. The monthly subsidy that you may receive is based on the number of whole years of service at the time of retirement (or DROP entry) as shown in the chart below.

Member's Whole Years of Service	Maximum Medicare Health Subsidy ¹
20 or more	The lesser of \$564.92 or 100% of the single-party premium of the participant's health plan.
15 - 19	The lesser of \$508.43 or 90% of the single-party premium of the participant's health plan.
10 - 14	The lesser of \$423.69 or 75% of the single-party premium of the participant's health plan.
Less than 10 ²	No subsidy ²

¹ For members who: (1) entered DROP or retired after July 14, 2011, and (2) did not opt-in during the designated period to make the additional 2% pension contributions, the Maximum Medicare Health Subsidy is equal to the July 1, 2011 amount of \$480.41.

² Tier 6 members who retire on a service-connected disability pension with less than 10 years of service may qualify for a minimum health subsidy at age 55 if they are not eligible for a subsidy from any other source.

Retired Member Dental Subsidy Benefit

The maximum retiree dental subsidy, effective January 1, 2021, will remain at \$44.60 per month.

Members who retired with at least 10 years of service, are at least age 55, and who are enrolled in a Board-approved dental plan are eligible for a dental subsidy. Members with 25 or more years of service are eligible for the maximum subsidy, and members between 10 and 24 years of service receive 4% of this maximum for each whole year of service.

Note: Qualified Survivors are not eligible to receive a dental subsidy from LAFPP.

Qualified Survivor Non-Medicare Health Subsidy Benefit

The non-Medicare health subsidy maximum for Qualified Surviving Spouses/Domestic Partners (QSS/QSDP) will remain at \$853.39 in 2021.

If you currently receive a survivorship pension payment from LAFPP, you may also be eligible for a health subsidy if the following qualifications are met:

- You must be enrolled in a Board-approved health plan offered by:
 - Los Angeles Firemen's Relief Association (LAFRA); or
 - Los Angeles Police Relief Association (LAPRA); or
 - United Firefighters of Los Angeles City (UFLAC)
- You may also be eligible if you are NOT enrolled in a Board-approved health plan IF you participate in the Health Insurance Premium Reimbursement (HIPR) Program.
- The sworn member completed at least 10 whole years of service; and
- The sworn member received, or was eligible to receive, a health subsidy at the time of death, otherwise, you become eligible when the member would have been 55 years old.

If you receive a survivorship benefit due to a purchase made by the retired member under the *Survivor Benefit Purchase Program for Retirees*, you are **not** eligible for a health subsidy.

If you would like more information about LAFPP's Health and Dental Subsidy Program, including eligibility requirements, please contact the Medical & Dental Benefits Section at (213) 279-3115, (844) 88-LAFPP ext. 93115, or via email at mdb@lafpp.com. Information is also available at www.lafpp.com.

MEDICARE PART B

REIMBURSEMENT

The Centers for Medicare and Medicaid Services (CMS) has announced the new standard Medicare Part B monthly premium for 2021. However, some pensioners will pay less than this amount.

- If you are a new Medicare Part B enrollee in 2021, you will be reimbursed the standard monthly premium of \$148.50 and do not need to provide additional documentation.
- If you received a Medicare Part B reimbursement of \$144.60 on your pension check in 2020, you do not need to provide documentation and your Part B reimbursement will automatically increase to \$148.50 for 2021.
- If you received less than a \$144.60 Medicare Part B reimbursement on your pension check in 2020, LAFPP will notify you by email or mail with instructions on how to update your Part B premium amount on record.

PROOF OF PREMIUM

The amount you pay for Medicare Part B is shown on the following documents provided to you by the Social Security Administration (SSA) or CMS:

- **“New Benefit Amount”** Annual Notice from SSA
- **Notice of Medicare Premium Payment** from CMS
- **Quarterly Billing Statement** from CMS

REIMBURSEMENT AMOUNT

The amount LAFPP reimburses you for your Medicare Part B premium is listed under “ADJUSTMENTS” on your LAFPP pension check stub/direct deposit advice.

REIMBURSEMENT ELIGIBILITY

Retired members and Qualified Surviving Spouses/Domestic Partners can receive reimbursement for their standard Medicare Part B premiums if they are eligible for a health subsidy and are enrolled in both Medicare Parts A and B. If you are enrolled in a Board-approved health plan, your reimbursements will be automatically included in your monthly pension payment. If you are enrolled in a state-regulated health plan (e.g., through your spouse or another employer), you may also receive a quarterly reimbursement of your Part B premiums by participating in LAFPP's Health Insurance Premium Reimbursement (HIPR) Program.

IMPORTANT:

LAFPP does NOT make payments to SSA or CMS on your behalf for any Medicare premiums. LAFPP can only reimburse members for their basic Part B premium (i.e., no late enrollment penalties or income-related monthly adjustment amounts (IRMAA) charged by CMS).

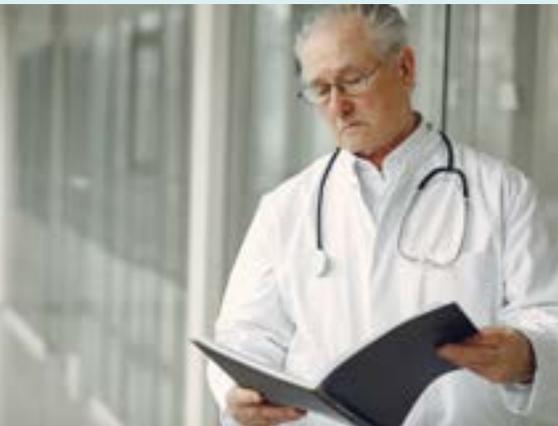

RETROACTIVE REIMBURSEMENT FOR 2020

You may be retroactively reimbursed for your Part B premiums for up to 12 months if you have been receiving a Medicare Part B reimbursement that is lower than your basic Part B premium. To claim retroactive reimbursements, you may submit a copy of your tax Form 1099 from SSA, which shows how much you have paid for Medicare insurance in 2020. You may also submit a copy of the SSA benefits statement you received in 2020 or a copy of the last CMS bill you received in 2020.

All documentation should be sent to the Medical & Dental Benefits Section via fax at (213) 628-7782 or emailed to mdb@lafpp.com. You may also mail a copy to: Los Angeles Fire & Police Pensions, Attn: Medical & Dental Benefits, 701 E. 3rd Street, 2nd floor, Los Angeles, CA 90013.

MEDICARE ENROLLMENT REQUIREMENT FOR SUBSIDY

Timely enrollment in Medicare is critical to maintain your health subsidy eligibility. Social Security Administration provides a seven-month window to enroll in Medicare, which includes the three (3) months before and after the month you turn 65. LAFPP recommends that you enroll in Medicare as soon as you are eligible. By enrolling

in Medicare during the three (3) months prior to your 65th birthday, you can ensure your continuous eligibility for a health

subsidy and prevent any loss of subsidy or late enrollment penalties charged by CMS.

When you are eligible for Medicare and you wish to receive a retiree health subsidy benefit, you must enroll to the fullest extent of your Medicare entitlement. This means you must enroll in Part B and pay a monthly premium. You must also enroll in Part A, but only if you are eligible for it premium-free. Your Part B coverage will be effective one month after you enroll in Medicare.

If you wait until the month you turn 65 to enroll in Medicare, your LAFPP health subsidy will be discontinued for that month, and until you are fully enrolled. Please be aware that if you enroll in Medicare the same month you turn 65 or during any month after that, any lost subsidy cannot be paid retroactively, Social

Security Administration may charge you a permanent late enrollment penalty, and you could be required to wait until the next annual Medicare open enrollment period.

To assist you in this process, LAFPP will send you a reminder at least 3 months prior to your 65th birthday, along with information regarding Medicare enrollment. You can also expect to receive information from your health plan administrator (LAFRA, LAPRA, UFLAC) and/or the Department of Health and Human Services/Social Security.

For additional information regarding Medicare, please visit their website at www.medicare.gov or contact Social Security Administration at (800) 772-1213.
